MINE BURNS AT AURORA

The Turtle Dove mine, a half mile north of Aurora, caught fire early this morning and burned the engine room and derrick. The fire was caused by the pump man pouring gasoline into the gasoline engine and the fumes of the gasoline reaching a burning torch near the engine, which caused an explosion. All property of the mine was a complete loss.—Aurora World.

STATE DEMOCRATIC DOPE

Speaking of roads—every good road law Missouri has ever had was enacted by a Democratic Legislature and signed by a Democratic Governor. Ever think of that?

"Jack" Blanton steps out of the State Board of Pardons and another Democratic editor, W. G. Warner, takes his place. Whenever a Democratic editor enters the public service he always makes good.

Missouri has more banks than any State in the Union. Why? Because Missouri banks are safer, we have fewer bank failures and our people do not hesitate to trust their money with their local banks. Why is this? Because of the Missouri bank inspection laws which were enacted by a Democratic Legislature and signed by a Democratic Governor.

Republicans, as well as Democrats, voted for appropriations in excess of the estimated income of the State. No party lines were drawn on this question in the last Legislature, and it is therefore too late to draw them now. The fact is that the State Legislature, regardless of politics, has always appropriated more than the State's income, trusting to the Governor and the heads of the departments to cut the

expenses down wherever necessary to do so. This has always been the case in Missouri, and the condition always will exist so long as we have a State Constitution which permits the Legislature to make appropriations regardless of the probable income of the State.

Hearst wants intervention in Mexico because the Hearst family owns 3,000,000 acres of land in Chihuahua.

The Progressive National Convention will be held in Chicago at the same time as the Republican National Convention, so that all good Republicans will have a chance to walk up and take their medicine, Theodore Roosevelt; but he will be a bitter pill for some of them.

SUNSHINE CLUB GIVES DANCE

The Sunshine club have sold a large number of tickets to the benefit dance to be given by them Thursday evening. It is expected to be a most pleasant affair. Members of the club are selling the tickets which are \$1.00. Lunch will be served on the stage.

Wells-Fargo officials in town, Thursday, were Superintendent J. M. Crawford, J. J. Connery, Industrial Agent, of St. Louis, and J. L. Roller, route agent, of Joplin.

THE WEATHER

Rain turning to snow and much colder, Thursday, with cold wave at night. Friday unsettled and colder.

C. J. Seward spent Wednesday in Wentworth with his brother, Ernest Seward.

John Mulkey went to Webb City on business, Thursday morning.

CRYING FOR HELP

Lots of It In Monett But Daily Growing Less

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble. It is often the kidneys' cry for help. Heed it.

A. D. Alsop, 514 Lincoln Ave., Monett, says: "I suffered from pains in my hips and kidneys. I also had headaches and dizzy spells. Doan's Kidney Pills quickly helped me and there has been no return of the complaint."
